

A close-up photograph of an adult hand holding a child's hand, symbolizing care and support. The adult hand is on the left, and the child's hand is on the right. The hands are clasped together in a gentle grip. The background is white, and there is a teal curved shape at the top of the image.

A very warm welcome to the  
Herts & Essex Fertility Centre

**Herts & Essex Fertility Centre is one of the UK's most reputable and best-performing IVF clinics. Since 1989, our dedicated team has helped with the successful delivery of over 5000 babies and the creation of thousands of happy new families.**

Our IVF success rates are among the highest in the country. This is due to our outstanding team of consultant specialists, fertility nurses, embryologists, administrators, counsellors and support staff, who are all driven by a commitment to provide a professional and caring service in their investigation and treatment of infertility.

We are experts in the assessment of fertility problems, and will identify the safest, surest and most cost-effective route to a successful pregnancy.

Our 'One Couple – One Incubator' policy and electronic IVF Witnessing Programme provide the most secure environment possible for embryo development and gamete storage. We take immense pride in providing a medical service of the highest calibre, tailored to suit the individual needs of each patient, in a friendly, supportive and caring environment.

## Our services

The causes of infertility are multiple and varied. The Herts & Essex Fertility Centre endeavours to provide a fully comprehensive service with a flexible approach. Our aim is to offer you the treatment option best suited to you and your resources.

- In-Vitro Fertilisation (IVF)
- Intra-Cytoplasmic Sperm Injection (ICSI)
- Intrauterine Insemination (IUI)
- Egg donation treatment
- Egg sharing
- Embryo freezing
- Egg freezing
- One-Stop Fertility Assessment  
(including AMH, HyCoSy, Saline Infusion Sonography)
- Andrology services (semen test & sperm freezing)
- Surrogacy
- Surgical sperm retrieval (PESA & TESE)
- Assisted hatching
- Pipelle procedure (endometrial scratching)
- Early pregnancy scans (including 3D)
- The Harmony Prenatal Test  
(new non-invasive blood test for Down's Syndrome)

Our IVF success rates are among the highest in the country and can be verified by Human Fertilisation & Embryology Authority (HFEA) data. We are experts in the assessment of fertility problems, and will identify the safest, surest and most cost-effective route to a successful pregnancy.

## Why choose us?

Choosing a fertility clinic is one of the most important decisions you will ever make.

Here are some good reasons why you should choose the Herts & Essex Fertility Centre:

**Excellent success rates:** We are consistently ranked as one of the top IVF clinics in the UK, and are one of the top five in the UK, and the highest ranked in the East of England, when it comes to success rates per embryo replaced

**Over 5000 babies:** Since 1989, we have helped deliver over 5000 babies and we see more than 800 new couples at the Centre each year

**Unrivalled pioneering experience:** We pioneered the use of Blastocyst Transfer in the UK and since the year 2000 have performed more than 4000 Blastocyst Transfers

**Egg share:** We are one of the country's most experienced clinics and have the second highest egg sharing success rate in the UK

**Free IVF for Egg Share donors:** Patients who donate half of their collected eggs to the Egg Share programme receive a free IVF treatment cycle. We offer a similar scheme to our sperm share donors

**Surrogacy:** We lead the way in surrogacy, with over 80% of our clients either currently pregnant or having already delivered

**One Couple – One Incubator:** This policy ensures a safer and more consistent environment for embryo development

**Electronic Witnessing System to ensure extra safety for embryos and gametes:**

We were the first IVF centre in the world to use this unique system, developed by Research Instruments, a leading manufacturer of IVF equipment. The system was developed with our collaboration and is now used throughout the world

**Convenient location:** We are located between Hertfordshire and Essex on Junction 25 (A10) of the M25, within easy reach of the M11, M1 and A12 and just 20 minutes from central London by train. We also have private car parking facilities for visitors.

## Open Evenings

**Our monthly Open Evenings are extremely popular. You are welcome to come along and enjoy an informative evening, meet our friendly team, view our facilities and discover more about the fertility services we offer.**

Our Open Evenings are usually held on the first Tuesday of the month, although we often add extra dates due to high demand. Each evening is limited to ten couples to ensure that everyone can spend sufficient time with our team members. The meetings are held in our spacious waiting room and start at 7.00pm with a presentation by members of staff. There is an opportunity to view the clinic facilities, watch demonstrations of the fertility drugs we use and hear our up-to-date success rates, all on a one-to-one basis. Refreshments are also provided.

Throughout the evening we do our best to give you impartial advice and answer your questions. So do come along and make the most of the relaxed atmosphere and friendly environment. Our Open Evenings are extremely popular, so to avoid disappointment please book in advance, either by phone or email, using the contact details below.

**Telephone: 01992 78 50 60**

**Email: [enquiries@hertsandessexfertility.com](mailto:enquiries@hertsandessexfertility.com)**

Please provide us with your telephone number so we can call you if there are any alterations to the date(s). If the date you want is already full, we can put you on our cancellation list.

## What our patients have said

*"We would like to say a huge thank you to everyone at Herts & Essex. Without you all we wouldn't have the perfect addition to make us a family. Our dreams came true when our beautiful baby boy was born. We thank you all from the bottoms of our hearts. Please keep up all your excellent work."*

*"Thank you for helping make our dreams come true. The Herts & Essex were amazing, supporting us through such a painful and uncertain period. We were so lucky being successful at our first IVF round, having a handsome healthy baby boy. We couldn't be happier."*

*"Thank you so much for all your hard work and support in helping me fall pregnant with my beautiful girls. Doing this alone, as a single person, was very daunting yet everyone made it feel so normal. All the way through the treatment you were helping me remain positive and able to believe that I would be successful."*

*"Dreams really do come true. Thank you so much for all your help and support. We can't believe we have a beautiful daughter, and all because of you."*

## Location

Most of our patients are from Hertfordshire, Essex and North London (although some do come from considerably further afield).

### By car

We are ideally located on junction 25 (A10) of the M25, and within easy reach of the M11, M1 and A12.

### By train

We are just 20 minutes away from central London on the mainline train out of Liverpool Street Station. Nearby Cheshunt Station has a minicab office on the premises, while Theobald Grove Station is well served by local buses, which stop on our doorstep.

We are situated next to the Broxbourne Borough Council offices, with ample parking available on site.

A referral from your GP or hospital consultant is desirable but not essential. Please contact the Centre using the information below to make an appointment. Investigations and/or treatment can begin immediately after your initial consultation.
